Feed One Last Time!
Growing season is coming to an end for houseplants, so give them one last fertilizing before conditioning them for winter.

CALATHEA

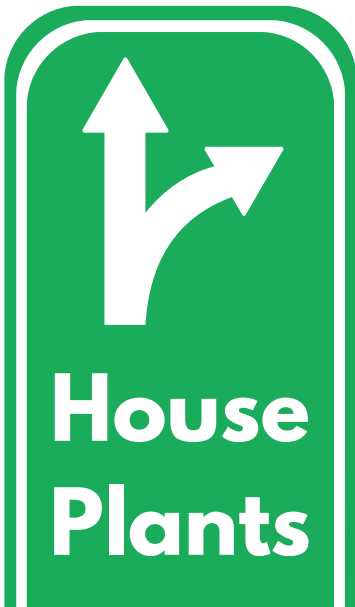

ADD COLOR!
Green may be our favorite color, but sometimes you just need a pop of color to make your houseplants really shine. Many plants, like Calathea, Peperomia, and air plants, contain hues of red and purple that are sure to strike up a conversation!

PEPEROMIA
