### HOUSEPLANT TIP!

Has your orchid finished blooming? What do you do with it now? Repot your orchid into one of our specialized orchid potting mixes, cut back dead stems all the way to the base of the plant, and let your orchid recharge! Use a blooming houseplant fertilizer to ensure more prolific blooming next time around!

### WE <3 PRO-MIX!

PRO-MIX soils are all you'll ever need to grow big, beautiful and lush plants both indoors and out!

### Pottery to Match Any Decor Style!

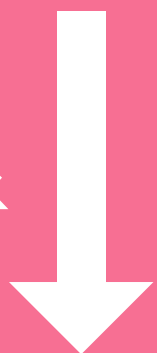

### Succulents, Cacti & Easy-Care Air Plants!
