Are You a Houseplant Beginner? Here Are Our **Easy-Care** Picks!

HOUSEPLANT TIP!

Want your plants to grow large, majestic leaves? In order to reach their mature size, many plants need a moss pole or trellis in order to mimic their natural state of climbina up the sides of trees! It's also a great way to conserve horizontal living space!

GARDEN CENTERS

Coast of Maine

Coast of Maine Soils!

Made with a mix of sphagnum peat moss, compost, perlite, lobster and crab shell meal and kelp meal, Coast of Maine soils are designed for potting indoor and outdoor container plants.
