

STRADER'S GARDEN CENTERS

Columbus' best selection of locally grown plants.

FIND YOUR STRADER'S LOCATION

This Week at Strader's Garden Centers:

Tropical Plants have Arrived!

We have a huge selection of flowering tropical plants. We are loaded up with Hibiscus bushes and trees in all colors including braided trees. Less common but equally beautiful Crossandra, Ixora and shrimp plants are in stock now. Ruellia are popular for their bright purple blooms and their easy care flowering all summer long even in wet soil. Striking foliage plants like bird of paradise, cordyline, elephant ears, red banana plants and palm trees all look fantastic! If you are looking for something tropical for your patio this summer-we have what you need. Shop early for the best selection!

New Greenhouse Additions!

Our greenhouses have been loaded up this week with some new additions, like flowering hanging baskets, potted annuals, and Proven Winner quarts! Everyone wants tomato plants and we have a great selection. Our herb tables are full with all the favorites like basil, oregano, rosemary, eucalyptus, thyme, lemon grass and more. Strawberry plants are here both everbearing and June bearing varieties. Our full fruit selection is also available. Berries, grapes, rhubarb, currants and more. Remember we grow our own plants right here in central Ohio-thank you for supporting our family business!

Stunning Annuals!

Our 4" annuals are really showing off! The selection of Petunias, Million Bells and Tiny Tunia Petunias is amazing with so many colors and varieties to choose from!

Your Questions, Answered!

We have been getting lots of questions regarding boxwood blight. If you think your boxwoods have blight, bring a sample and a picture, and we can help you determine if it is blight or Volutella. If you have not planted boxwood due to blight, never fear — resistant boxwoods are here!
